Energy Policy

Date of Implementation	12.07.2018
Type Policy	Energy Policy

The objective of the Environment and Energy Utilization Policy at JKK Munirajah Institute of Health Sciences College of Pharmacy (JKKMIHSCP) is SYSTEMATICALLY oversee energy usage to mitigate its environmental effects.

The policy suggests the investigation of renewable energy sources as a means to alleviate government pressure and identify alternative solutions for addressing the energy crisis. This comprehensive environment and energy policy encompass all facets of the Institution, applying to its constituents and the diverse activities it undertakes.

This will enable us to integrate efficiency and environmental consciousness into our daily operations, facilitating the recognition of our duties and dedication to preserving natural resources and restricting their utilization.

The Green Campus Committee is dedicated to promoting environmental awareness, implementing eco-friendly initiatives, and organizing educational programs focused on energy conservation and environmental protection Key Policies:

To decrease local air pollution emissions by employing environmentally friendly vehicles, such as bicycles, and by implementing pedestrian-friendly road infrastructure.

To install photovoltaic solar panels to generate environmentally sustainable energy. To install LED bulbs throughout the entire campus to enhance energy efficiency.

This policy is being disseminated to students and staff through internal communication channels, and it is also accessible to all stakeholders on the institution's website. The Environment and Energy Policy, along with its objectives and targets, undergoes regular reviews led by the Green Campus Committee Convener and its members, with guidance from the college Principal.

GREEN CAMPUS POLICY

Date of Implementation	13.08.2018
Type Policy	Green Campus Policy

JKKMIHSCP is committed to make its campus a place where education is combined with environment-friendly practices to promote sustainable development by NSS

RESTRICTED ENTRY OF VEHICLES

All the vehicles of the college and personal vehicles of the staff members must have the emission certification for getting a green signal for entry into the campus. The college encourages the employees and the students to frequently use public transport facilities, bicycles, etc. to limit emissions.

USE OF BICYCLE/BATTERY-POWERED VEHICLES

The college uses Battery-powered vehicles for in-house transport. The electricity used in the campus is generated within the Green - Technology.

PEDESTRIAN-FRIENDLY PATHWAYS

JKKMIHSCP campus prides itself in ensuring Pedestrian-friendly pathways in all the buildings. Pedestrian-friendly pathways are properly marked with suitable logos/signs.

BAN ON USE OF PLASTIC

JKKMIHSCP is strongly committed to work towards a plastic-free campus. In the JKKMIHSCP campus, there is a complete ban on single use plastics.

LANDSCAPING WITH TREES AND PLANTS

As per the green practices in the campus, JKKMIHSCP is moving in the direction of a Green Institution in T.N. Palayam by planting more saplings of trees within and outside the campus. Medicinal plants and fruit-bearing plants and trees are being cultivated to ensure a conducive atmosphere. The faculty, the staff, and the students are encouraged to contribute collectively to develop an eco-friendly and sustainable campus and disseminate the concept of eco-friendly culture to the nearby community and wherever possible
