### **Event Description:**

The "The Role of Intellectual Property in Pharmaceutical Entrepreneurship" event, held on 18/01/2019, was a strategic gathering dedicated to exploring the pivotal role that intellectual property (IP) plays in the pharmaceutical entrepreneurship landscape. This comprehensive program united pharmaceutical entrepreneurs, IP experts, and industry enthusiasts committed to understanding and leveraging IP for business success. Attendees, eager to navigate the complexities of IP in the pharmaceutical sector, benefited from a comprehensive program led by seasoned experts.

### **Program Outcome:**

The program delivered several significant outcomes. Participants left with an enriched understanding of how intellectual property can serve as a catalyst for innovation and entrepreneurship within the pharmaceutical industry, equipped with practical strategies to protect and leverage IP assets. The insights shared by expert presenters provided guidance on patenting, licensing, and IP strategy development tailored to pharmaceutical ventures. Furthermore, the event fostered networking and collaboration, forging connections that may lead to future IP-driven partnerships and advancements in pharmaceutical entrepreneurship. In summary, "The Role of Intellectual Property in Pharmaceutical Entrepreneurship" event left an enduring impact, empowering attendees with the knowledge and inspiration to excel in the dynamic intersection of science, innovation, and intellectual property protection within the pharmaceutical entrepreneurship landscape.
