(Approved by Tamil Nadu Govt. & Pharmacy Council of India - New Delhi, Affiliated to The Tamil Nadu Dr. M.G.R Medical University, Chennai )  
Thookanaickenpalayam, Gobichettipalayam (TK), Erode (DT) - 638506, Tamil Nadu.

13.07.2018

## CIRCULAR

This is to inform all students and faculties that the Department of Pharmaceutical Chemistry is Organizing a seminar on **“Designing Effective Research Methodologies for Pharmaceutical Chemistry Studies”** to be held on 20/07/2018, 10.00AM at seminar hall.

### Resource Person:

DR. P. VENKATESH, M. Pharm., Ph.D.,  
Professor & HOD,  
Jagan's College of Pharmacy, Nellore (AP).

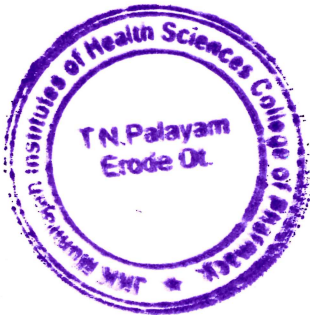

Interested staff and students are directed to enroll through event co-ordinator  
**Mrs. J. Priya, M. Pharm.,**

## Department of Pharmaceutical Chemistry

**Seminar on Designing Effective Research Methodologies for Pharmaceutical Chemistry Studies**

### RESOURCE PERSON PROFILE

**DR. P. VENKATESH, M.Pharm., Ph.D.,**

**Professor & HOD**

**Jagan's College of Pharmacy, Nellore (AP).**

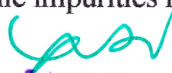

Dr. P. Venkatesh is a highly accomplished pharmaceutical scientist and educator with extensive experience spanning 17 years in the field. He holds a Bachelor of Pharmacy degree from JKKMMRF College of Pharmacy, Komarapalayam, which is affiliated with The Tamil Nadu Dr. M.G.R. Medical University, earned in 2001. His journey into the world of pharmaceuticals continued as he pursued a Master's in Pharmaceutical Chemistry at Vinayaka Missions College of Pharmacy, Salem, under the aegis of Vinayaka Missions University in 2005. Dr. Venkatesh's academic prowess culminated in a Ph.D. in Pharmacy from Vinayaka Missions University in 2014.

Dr. Venkatesh has had a diverse and enriching career in academia. He began as an Assistant Professor at P.R.R.M. College of Pharmacy in Kadapa, Andhra Pradesh, in October 2005, and he continued to shape young minds and contribute to the field of pharmaceutical sciences for over a decade. He took on the role of Principal at Jagan's College of Pharmacy in Nellore, Andhra Pradesh, in April 2016, further elevating his leadership and educational contributions. Subsequently, he served as Professor and Head of the Department at Jagan's College of Pharmacy from April 2018 to till date.

Dr. Venkatesh's research prowess is evident through his supervision of numerous postgraduate and undergraduate students, totalling 14 and 7 batches, respectively. He has also served as a co-supervisor at Shri Jagdish prasad Jhabarmal Tibrewala University in Rajasthan.

His contributions to the field extend to the supervision of M. Pharmacy projects, with a focus on analytical and pharmaceutical research. Some of the notable projects he has supervised include the development and validation of analytical methods for various pharmaceutical substances, ranging from Cisplatin estimation to novel GC-MS methods for organic volatile impurities in Irbesartan drug substance.

# JKK MUNIRAJAH INSTITUTE OF HEALTH SCIENCES COLLEGE OF PHARMACY

( Approved by Tamil Nadu Govt. & Pharmacy Council of India - New Delhi, Affiliated to The Tamil Nadu Dr. M.G.R Medical University, Chennai )  
Thookanaickenpalayam, Gobichettipalayam (TK), Erode (DT) - 638506, Tamil Nadu.

Dr. Venkatesh's commitment to scholarly activities is reflected in his extensive list of publications, comprising research articles and review articles. His research has covered a wide array of topics, from diuretic activity evaluation to clinical pharmacy activities and drug information services. His publications showcase a breadth of knowledge and expertise in the pharmaceutical field.

In addition to his academic and research pursuits, Dr. Venkatesh actively participates in seminars, conferences, workshops, and faculty development programs. These endeavours highlight his dedication to staying updated with the latest developments in pharmaceutical sciences and his commitment to sharing knowledge with fellow educators and researchers.

Dr. P. Venkatesh is a distinguished pharmaceutical scientist and educator with a rich educational background, substantial research contributions, and extensive experience in academia. His commitment to research, education, and knowledge dissemination has made a significant impact on the field of pharmaceutical sciences, and his leadership as a principal continues to inspire future pharmacists and pharmaceutical researchers.

## REPORT ON THE SEMINAR

**Title:** Designing Effective Research Methodologies for Pharmaceutical Chemistry Studies

**Date:** 20/07/2018

**Resource Person:** DR. P. VENKATESH, M. Pharm., Ph.D.,

**Event Coordinator:** Mrs. J. Priya, M. Pharm.,

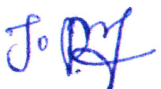

**Total Participant(s):** 94

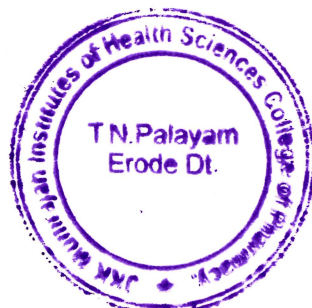

### Event Description:

The "Designing Effective Research Methodologies for Pharmaceutical Chemistry Studies" event, held on 20/07/2018, was a pivotal gathering dedicated to unravelling the art and science of crafting robust research methodologies in the field of pharmaceutical chemistry. This comprehensive program united researchers, scientists, and pharmaceutical chemists committed to advancing the methods that drive innovation and discovery in pharmaceutical science. Attendees, eager to explore the intricacies of research design, benefited from a comprehensive program led by seasoned experts.

### Program Outcome:

The program delivered several significant outcomes. Participants left with an enriched understanding of the critical role of research methodologies in pharmaceutical chemistry studies, equipped with practical strategies to enhance the quality and impact of their research endeavours. The insights shared by expert presenters provided guidance on experimental design, data collection, and analytical techniques tailored to pharmaceutical chemistry. Furthermore, the event fostered networking and collaboration, forging connections that may lead to future ground-breaking discoveries and partnerships in pharmaceutical research. In summary, the "Designing Effective Research Methodologies for Pharmaceutical Chemistry Studies" event left an enduring impact, empowering attendees with the knowledge and inspiration to excel in the dynamic and innovative field of pharmaceutical chemistry research.
