RESOURCE PERSON PROFILE

Mr. D. SAKTHIVEL, M.Pharm.,

Associate Professor,

Department of Pharmaceutics,

PGP College of Pharmaceutical Science and Research Institute, Namakkal.

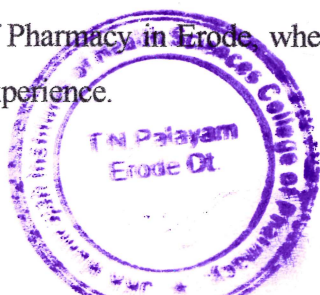

Mr. D. Sakthivel is a highly accomplished and dedicated professional in the field of pharmaceutical sciences, with an impressive academic background and extensive teaching experience. He holds a Ph.D. in Pharmacy, which he earned in September 2018 from The Tamilnadu Dr. MGR Medical University in Chennai. His doctoral research focused on the formulation and evaluation of polymeric nanoparticles of Tiagabine Hydrochloride for the treatment of epilepsy. Dr. G. Arunachalam, Principal of PGP College of Pharmaceutical Science and Research Institute in Namakkal, Tamil Nadu, served as his guide for this research.

His academic journey began with a Bachelor of Pharmacy degree from Madurai Medical College, Tamil Nadu, which he completed in April 2003, achieving a commendable score of 74.3%. He continued his education with a Master of Pharmacy degree in Pharmaceutics from Birla Institute of Technology, Mesra, Ranchi, Jharkhand, graduating in May 2008 with a remarkable score of 82.5%.

Mr. Sakthivel's academic excellence extends to his higher secondary education, where he achieved an impressive score of 91.7% at Ramakrishna Mission Vidyalaya in Coimbatore, Tamil Nadu, in April 1999. Similarly, in his secondary school education at Govt. High School in Elumathur, Erode, Tamil Nadu, he secured a remarkable score of 92.6% in April 1997.

Throughout his academic and professional career, Mr. Sakthivel has demonstrated a strong command of computer skills, including Microsoft Word, Excel, Access, Outlook, and internet applications.

Mr. Sakthivel has accumulated a wealth of teaching experience, starting as a Lecturer at Shoba College of Pharmacy in Erode, where he served from June 2003 to May 2006, and amassing three years of teaching experience.

He then continued his journey as an Assistant Professor at PGP College of Pharmaceutical Science and Research Institute in Namakkal from June 2008 to September 2013, accumulating 5.4 years of valuable teaching experience. His dedication to academia led him to the position of Associate Professor at PGP College of Pharmaceutical Science and Research Institute, where he has been serving since October 2013.

In his role as an educator, Mr. Sakthivel has guided and mentored numerous students, overseeing 12 Master of Pharmacy (M.Pharm) projects and 15 Bachelor of Pharmacy (B.Pharm) projects. He has also taken on various teaching responsibilities, instructing subjects such as Physical Pharmaceutics, Biopharmaceutics and Pharmacokinetics, Industrial Pharmacy, Biostatistics and Research Methodology, and Advanced Biopharmaceutics and Pharmacokinetics.

In addition to his teaching responsibilities, Mr. Sakthivel has undertaken various administrative tasks related to AICTE online approval processes, Pharmacy Council of India (PCI) approval processes, and affiliation matters with The Tamilnadu Dr. MGR Medical University. He has also been involved in scholarship applications and related works, demonstrating his commitment to the overall educational ecosystem.

Mr. D. Sakthivel's contributions extend beyond the classroom, as evident in his substantial research portfolio. He has published 10 papers in reputed journals, presented 12 papers at conferences, attended 30 seminars and conferences, and filed one patent.

Mr. D. Sakthivel is a highly qualified and dedicated professional in the field of pharmaceutical sciences. His impressive academic background, extensive teaching experience, and commitment to research and administration have made a significant impact on pharmaceutical education and research, benefiting both students and the broader academic community.

REPORT ON THE SEMINAR

Title: Exploring the Role of Nanotechnology in Drug Delivery

Date: 29/06/2018

Resource person: Mr. D. SAKTHIVEL, M. Pharm.,

Event Coordinator: DR. S. Selvaraj, M. Pharm., Ph.D.,

Total participant(s): 114

Event Description:

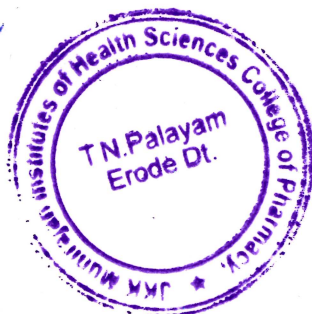

The "Exploring the Role of Nanotechnology in Drug Delivery" event, held on 29/06/2018, was an illuminating gathering dedicated to delving into the transformative potential of nanotechnology in the field of drug delivery. This comprehensive program united researchers, scientists, and pharmaceutical professionals committed to harnessing the power of nanoscale innovations for enhanced therapeutic outcomes. Attendees, eager to explore the intersection of nanotechnology and drug delivery, benefited from a comprehensive program led by seasoned experts.

Program Outcome:

The program delivered several significant outcomes. Participants left with an enriched understanding of how nanotechnology is revolutionizing drug delivery, equipped with practical insights into the design and implementation of nanoscale drug delivery systems. The insights shared by expert presenters provided guidance on nanomaterial selection, formulation development, and the potential for targeted and personalized medicine. Furthermore, the event fostered networking and collaboration, forging connections that may lead to future ground-breaking discoveries and partnerships in the field of drug delivery. In summary, the "Exploring the Role of Nanotechnology in Drug Delivery" event left an enduring impact, empowering attendees with the knowledge and inspiration to excel in the dynamic and transformative realm of pharmaceutical research and nanotechnology-enabled drug delivery.
