RESOURCE PERSON PROFILE

Mrs. Dhanalakshmi, M. Pharm.,

Associate Professor,

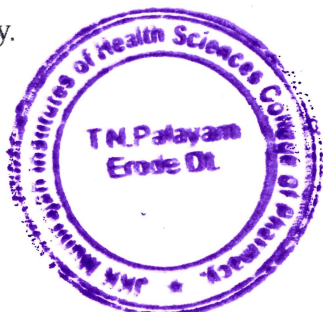

Surya School of Pharmacy, Villupuram.

Mrs. S. Dhanalakshmi is an accomplished professional with a wealth of experience in the field of pharmacognosy. Currently serving as an Associate Professor in the Department of Pharmacognosy at Surya School of Pharmacy, a part of the prestigious Surya Group of Institutions located in Surya Nagar, Vikiravandi, Villupuram, Tamil Nadu, she brings a wealth of knowledge and expertise to her role.

With a teaching career spanning over a decade, Mrs. Dhanalakshmi has accumulated invaluable experience in shaping the minds of future pharmacists. Her commitment to education is reflected in her extensive teaching experience of 10 years and 4 months. Moreover, her dedication to research and academic contributions is highlighted by her significant achievements. She has published 5 research articles in reputed journals, showcasing her expertise in pharmacognosy and related fields. Mrs. Dhanalakshmi has also delivered a noteworthy presentation, further establishing her as a respected authority in her discipline.

Mrs. Dhanalakshmi's influence extends beyond the classroom, as she has served as an internal and external examiner for esteemed institutions such as Tamilnadu DR. M.G.R. Medical University in Chennai and Pondicherry University. Additionally, she has contributed to the academic community by setting question papers for DR. M.G.R. Medical University in Madhuravoyal, Chennai.

In her role as a guide and mentor, Mrs. Dhanalakshmi has supervised and nurtured the research projects of 10 B. Pharm students, enabling them to contribute to the field of pharmacognosy. Her educational background includes a Bachelor of Pharmacy from Madras Medical College, Chennai, and a Master of Pharmacy from the same institution. Her association with Coimbatore Medical College for D. Pharm further enriches her educational journey.

Total Participant(s): 48

Event Description:

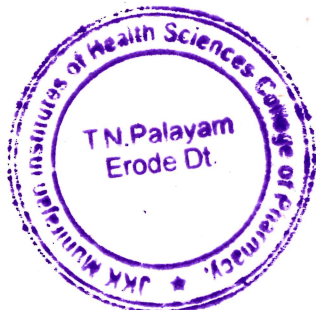

The "New Tools for Biomedical Research: Emerging Methodologies and Technologies" event, which took place on 18.02.2022, was an enlightening gathering dedicated to exploring the latest advancements in biomedical research methodologies and technologies. This comprehensive program united researchers, scientists, and enthusiasts committed to pushing the boundaries of biomedical science. Attendees, eager to delve into the cutting-edge tools at the forefront of research, were immersed in a comprehensive program led by seasoned experts.

Program Outcome:

The program achieved several significant outcomes. Participants left with an enriched understanding of the newest methodologies and technologies shaping the field of biomedical research. The insights shared by expert presenters provided practical guidance on how to leverage these tools for innovative research endeavours. Furthermore, the event fostered networking and collaboration, forging connections that may lead to future ground-breaking discoveries and partnerships in biomedical science. In summary, the "New Tools for Biomedical Research" event left an enduring impact, empowering attendees with the knowledge and inspiration to excel in the ever-evolving landscape of biomedical research.
