### Event Description:

The "The Future of Pharmacy Practice Research: Trends and Directions in Methodologies and Techniques" event, which took place on 24.08.2021, was a visionary gathering dedicated to exploring the evolving landscape of pharmacy practice research. This comprehensive program united pharmacy professionals, researchers, and enthusiasts committed to staying at the forefront of innovative methodologies and techniques in the field. Attendees, eager to delve into the future of pharmacy practice research, benefited from a comprehensive program led by seasoned experts.

### Program Outcome:

The program delivered several significant outcomes. Participants left with an enriched understanding of the emerging trends and cutting-edge methodologies and techniques shaping the future of pharmacy practice research. The insights shared by expert presenters provided practical guidance on how to adapt and thrive in this evolving landscape. Furthermore, the event fostered networking and collaboration, forging connections that may lead to future ground-breaking discoveries and collaborative research projects in pharmacy practice. In summary, "The Future of Pharmacy Practice Research" event left an enduring impact, empowering attendees with the knowledge and inspiration to excel in the dynamic and transformative realm of pharmacy practice research.
