Department of Pharmaceutics

Seminar on Patenting Strategies for Pharmaceutical Innovation

RESOURCE PERSON PROFILE

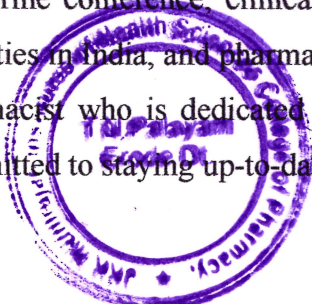

Dr. R. REVANTH, Pharm. D.,
Clinical Pharmacist,
Apollo Hospital, Chennai.

Dr. R. Revanth is an experienced oncology clinical pharmacist with extensive knowledge in the rational use of chemotherapeutics. He has completed his Doctor of Pharmacy (Pharm. D) from Sri Ramakrishna Institute of Paramedical Sciences, Coimbatore, in 2019. During his internship at Sri Ramakrishna Hospital, he gained experience in various functions, including pre-round with the duty doctor, reviewing patient drug charts, and identifying medication errors with special focus on intravenous dilutions and infusion-related calculations. He also has experience with drug and safety databases such as Micromedex and Medscape, interpretation of laboratory results of specific disease states, and serious and non-serious adverse drug event reporting.

Dr. R. Revanth is competent in performing various functions through collaborative drug therapy management (CDTM). He is skilled in chemo admixture and labelling, case interpretation and review, patient counselling, auditing and indent verification, reviewing lab data and patient history, solving physician queries, pharmacoeconomic analysis, and prescription audit. He is also experienced in drug dispensing, patient billing, procurement, and inventory management.

Dr. R. Revanth has completed his higher secondary education from Kongu Vellalar Matriculation Higher Secondary School, Perundurai, Erode District, in 2013. He has also completed a project on the appropriateness of surgical antibiotics prophylaxis in a multispecialty tertiary care private corporate hospital. He has attended several national level conferences and seminars on topics such as paramedical diabetes and endocrine conference, clinical pharmacy pearls for practice, current scenario of patient safety vigilance activities in India, and pharmacovigilance and roles of healthcare professionals. Dr. R. Revanth is a clinical pharmacist who is dedicated to providing optimal patient care. He is passionate about his work and is committed to staying up-to-date with the latest developments in his field.

REPORT ON THE SEMINAR

Title: Patenting Strategies for Pharmaceutical Innovation

Date: 13/04/2023

Resource Person: Dr. REVANTH, Pharm. D.,

Event Coordinator: DR. S. Selvaraj, M. Pharm., Ph. D.,

Total Participant(s): 47

Description of the program:

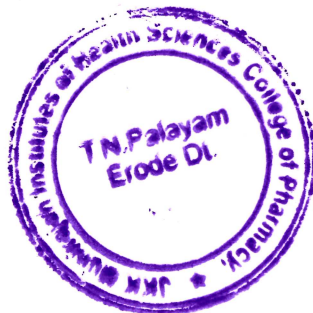

The "Patenting Strategies for Pharmaceutical Innovation" event, held on 13/04/2023, was a tremendous success. This informative gathering brought together individuals passionate about the intersection of patents and pharmaceutical innovation. Attendees, eager to delve into the complexities of patenting strategies, were treated to a comprehensive session led by experts in the field.

Program Outcome:

The event yielded several significant outcomes. Participants left with a deeper understanding of the crucial role patenting strategies play in the pharmaceutical industry. The insights shared by the expert speakers provided practical guidance on how to protect and leverage intellectual property in the context of pharmaceutical innovation. Moreover, the event facilitated networking and collaboration among attendees, fostering connections that may lead to future partnerships and innovations in the pharmaceutical sector. In summary, "Patenting Strategies for Pharmaceutical Innovation" left an enduring impact on attendees, equipping them with valuable knowledge and resources to navigate the complex landscape of patents and advance innovation in the field.
