RESOURCE PERSON PROFILE

Dr. I. BALAJI, Pharm. D.,

Associate Professor,

KV College of Pharmacy, Karnataka.

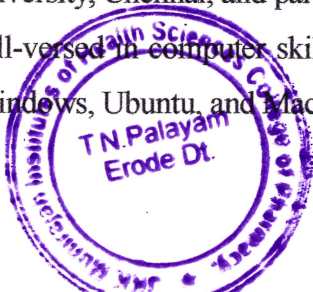

Dr. I. Balaji is a highly qualified professional with a diverse work profile. He served as an associate professor at KV College of Pharmacy in Karnataka from December 2017 to February 2023, contributing significantly to academia. Prior to that, he gained practical experience as a pharmacist at Medwell Plus Pharma from June 2016 to August 2017.

His educational background is equally impressive. Dr. I. Balaji holds a Doctor of Pharmacy (Pharm. D) degree from VELS University, Chennai, Tamil Nadu, where he achieved an outstanding score of 70%. His foundation in mathematics and biology was laid at Tagore Higher Secondary School in Salem, Tamil Nadu, where he secured an impressive 77%.

Dr. I. Balaji's research interests are wide-ranging, including Clinical Pharmacy, Pharmacovigilance, Clinical Research, Therapeutic Drug Monitoring, and Drug Safety. He has undertaken notable projects during his academic journey.

These include "Drug Utilization Evaluation and Guidelines-Compliant Analysis of Analgesics in the Orthopaedic Patient Department of a Tertiary Care Hospital" and "A Prospective Study on the Assessment of Quality of Life in Pre-Operative Hernia and Post-Operative Hernia Patients in a Surgery Department of a Tertiary Care Hospital." His practical exposure extends to internships at ESI Hospital, where he worked in various departments such as Orthopaedics, Surgery, Paediatrics, and General Medicine.

Dr. I. Balaji is also active in the academic and professional community. He has presented an overview of "Case Study on Head and Neck Cancer" in the Pharmacy Practice Module Advanced Learning Series-7 at Vels University, Chennai, and participated in initiatives like the "Diabetes Awareness Program" at ESI Hospital. He is well-versed in computer skills, including proficiency in drug information software, various operating systems (Windows, Ubuntu, and Mac), and Microsoft Office tools, including macros.

REPORT ON THE SEMINAR

Title: Pharmacovigilance and Drug Safety

Date: 19/12/2022

Resource Person: Dr. I. BALAJI, Pharm. D., & Dr. S. NAVANEETHAKRISHNAN, Pharm. D.,

Event Coordinator: Dr. S. Yogakrishnan, Pharm. D.,

Total Participant(s): 80

Description of the program:

The Pharmacovigilance and Drug Safety program stands as a cornerstone in the realm of pharmaceutical sciences, offering an immersive exploration into the critical field of monitoring and ensuring the safety of medical products. Scheduled for 19/12/2022, this program is thoughtfully crafted to equip participants with the essential knowledge and skills required to champion drug safety and pharmacovigilance. Orchestrated by adept coordinator Dr. S. Yogakrishnan, Pharm. D., this program converges pharmaceutical professionals to delve into the intricacies of pharmacovigilance under the guidance of esteemed resource persons Dr. I. Balaji, Pharm. D., and Dr. S. Navaneethakrishnan, Pharm. D.

Program Outcome:

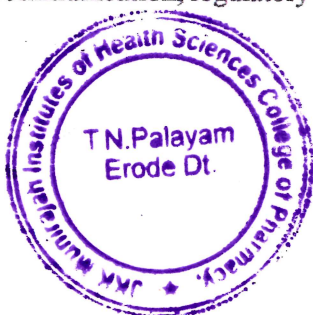

Participation in the Pharmacovigilance and Drug Safety program promises participants a rich tapestry of outcomes, including:

Safety Surveillance Mastery: Attain a comprehensive grasp of pharmacovigilance methodologies, tools, and systems used to detect, assess, and prevent adverse drug reactions, ensuring the well-being of patients and consumers.

Signal Detection and Management: Develop the skills to identify emerging safety signals, analyse data trends, and proactively manage potential risks associated with pharmaceutical products throughout their lifecycle.

Global Regulatory Compliance: Gain insights into the regulatory frameworks governing pharmacovigilance on a global scale, ensuring participants possess the knowledge needed to maintain compliance with evolving guidelines.

Risk Minimization Strategies: Cultivate the ability to design and implement risk minimization strategies, including risk communication, regulatory interventions, and post-marketing studies, to enhance patient safety.
