## REPORT ON THE SEMINAR

**Title:** Research Methodology in Pharmaceutical Sciences Workshop

**Date:** 30/09/2022

**Resource Person:** Dr. G. SUTHEESWARAN, Pharm. D., PGDRA,

**Event Coordinator:** Dr. S. Navaneethakrishnan, Pharm. D.,

**Total Participant(s):** 85

### Description of the program:

The Impact Lecture Session on Research Methodology in Pharmaceutical Sciences is a pivotal component of the upcoming Workshop scheduled for 30/09/2022. This session is meticulously designed to provide participants with an in-depth understanding of contemporary research methodologies tailored to the realm of Pharmaceutical Sciences. Led by renowned expert Aswin, this lecture promises to be an enlightening experience for the 85 participants who seek to enhance their research acumen in the pharmaceutical domain.

### Program Outcome:

By attending this Impact Lecture Session on Research Methodology in Pharmaceutical Sciences, participants can expect to achieve the following outcomes:

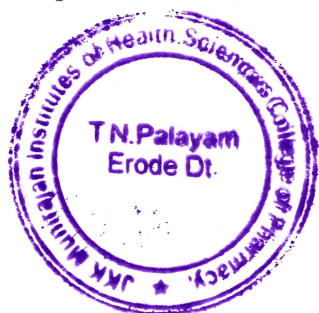

**Enhanced Research Proficiency:** Gain comprehensive insights into the latest research methodologies and techniques specifically relevant to the field of Pharmaceutical Sciences, enabling participants to elevate the quality and rigor of their research endeavours.

**Effective Experimental Design:** Acquire the ability to formulate and structure experiments more effectively, ensuring optimal data collection, analysis, and interpretation for robust and reliable research outcomes.

**Critical Analysis Skills:** Develop a discerning eye for critically evaluating scientific literature, research protocols, and experimental results, fostering a more nuanced and insightful approach to pharmaceutical research.

**Ethical Research Practices:** Gain a thorough understanding of ethical considerations and guidelines pertinent to conducting research in pharmaceutical sciences, ensuring that participants adhere to the highest standards of integrity and responsibility. Dr. S. Navaneethakrishnan, the event coordinator, has meticulously curated this lecture session to ensure that participants leave with a deeper understanding of research methodologies and their application in the pharmaceutical sciences.
