REPORT ON THE SEMINAR

Title: Pharmaceutical Product Development and Quality Control

Date: 06/06/2022

Resource Person: DR. G. BABU, M. Pharm., Ph. D., FIC,

Event Coordinator: DR. S. Selvaraj, M. Pharm., Ph. D.,

Total Participant(s): 87

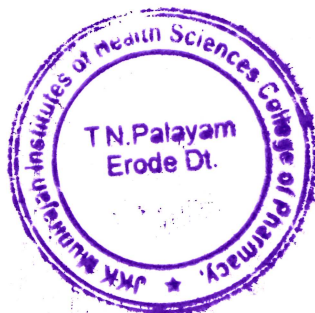

Description of the program:

The "Pharmaceutical Product Development and Quality Control" event, which transpired on 06/06/2022, was a pivotal gathering dedicated to advancing the realms of pharmaceutical innovation and quality assurance. This enlightening program united professionals and enthusiasts committed to excellence in pharmaceutical product development and quality control. Attendees, eager to explore the latest advancements in this field, were immersed in a comprehensive program led by seasoned experts

Program Outcome:

The program achieved several remarkable outcomes. Participants left with a deeper understanding of the intricacies of pharmaceutical product development and the critical importance of quality control in healthcare. The insights shared by expert presenters provided practical guidance on optimizing pharmaceutical practices to ensure the delivery of safe and effective medications. Furthermore, the program fostered networking and collaboration, forging connections that may lead to future advancements in pharmaceutical innovation and quality assurance. In summary, the "Pharmaceutical Product Development and Quality Control" event left an enduring impact, equipping attendees with the knowledge and inspiration to excel in the dynamic field of pharmaceuticals.
