MEMORANDUM OF UNDERSTANDING (MOU)
BETWEEN

JKK MUNIRAJA INSTITUTE OF HEALTH SCIENCES COLLEGE OF PHARMACY TN PALAYAM
AND
UNITED COLLEGE OF PHARMACY, PERIYANAICKENPALAYAM COIMBATORE

This MOU is entered on the 21/04/2022 by and between JKK Munirajah Institute of Health Sciences College of Pharmacy (hereinafter called JKKMIHSCP) situated at TN Palayam, Gobi(tk) Erode District Tamil Nadu .

and

United College of Pharmacy, Periyanaickenpalayam, Coimbatore (hereinafter called UCP), The Pharmacy college affiliated to The Tamilnadu DR MGR Medical University, Chennai is situated at Coimbatore, Tamilnadu. The aforesaid Institutions are hereinafter referred to individually as Institute and collectively as Institutes.

1. Objectives of the MOU:

The objectives of the MOU are:

- To promote and enhance academic interest between JKKMIHSCP & UCP.
- To provide advice for implementation of quality education of UG students to upgrade them.

Principal

JKK Munirajah Institute of Health Sciences
College of Pharmacy, T.N.Palayam,
Gobi (TK), Erode (Dt) - 638 506

c) To encourage bright students of UCP to upgrade Post Graduate education at JKKMIHSCP.

d) To promote research/continuing education activities between Institutions.

2. Technical Areas of Collaboration:

a) A Continuing Quality Improvement Programme to improve quality of teaching staff at UCP through short-term certificate courses at JKKMIHSCP. Faculty of JKKMIHSCP could also be sent to UCP for necessary guidance.

b) Provide academic interaction by delivering Special Lectures at UCP on topics of latest technology.

c) Provide necessary help in Organizing Workshops/conferences and Personality Development Programmes at JKKMIHSCP for enhancement of skills in respect of Faculty, Staff and Students of UCP.

d) Usage of academic infrastructure of JKKMIHSCP to UCP students and faculty members.

f) Facilitate the training for teachers and PG students in the aspects of delivery of Pharmacy education.

g) Guidance for enhancement in infrastructural development of UCP.

i) Joint together to discuss the designing of PG Dissertation work periodically.

3. Proposed Modes of Collaboration:

JKKMIHSCP and UCP propose to collaborate through the following:

a) Cooperation and promotion of education and training in areas of mutual interest.

b) Any other appropriate mode of interaction agreed upon between JKKMIHSCP and UCP. A specific plan will be worked out by the institutes depending upon availability of resources. A specific agreement will be entered into for each activity.

4. Terms and Conditions:

a) For continuing education to UCP teachers and students, the financial arrangements will be made mutually agreed terms.

b) The faculty members attend the FDP Programme mutually in both institutions and students also utilize the seminar and webinar programme in both institutions .

c) Both institutes agree to help, identify and Invite the faculty members and researchers from the other institutes to participate in Hands on training , workshops and short-term courses.

d) This MOU may be amended, renewed and terminated by mutual written agreement of the institutes at any time.

e) Either Institute shall have the right to terminate this MOU upon 60 days prior written notice to the other Institute.

Principal

JKK Munirajah Institute of Health Science
College of Pharmacy, T.N.Palayam
Gobi (Tk), Erode (Dt) - 638 506

5. Confidentiality:

a) The JKKMIHSCP and the UCP agree to hold in confidence all information/data designed by the institutes as being confidential which is obtained from either institute or created during the performance of the MOU and will not disclose the same to any third party without written consent of the other institute.

b) The above confidential clause under this MOU excludes the information/data possessed by either institute before entering into this MOU or independently developed information already available through public domain.

6. Duration of MOU:

This MOU, unless extended by mutual written consent of the institutes, shall expire in FIVE years after the effective date specified in the opening paragraph. However on review, the MOU shall be extended for another TWO years by mutual consent.

7. Intellectual Property Rights

The intellectual property rights (IPR) that arise as a result of joint research and collaborative activity under the agreement will be worked out on the basis of case to case will be consistent with officially laid down IPR policies of the two institutes.

8. Signed in Duplicate:

This MOU is executed in duplicate with each copy being an official version and having equal legal validity. By signing below, the institutes, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.

organized by the Five Days Faculty Development Program on the topic of

“EMERGING TRENDS AND ADVANCES IN PHARMACEUTICS AND QSAR STUDIES

EVENT REPORT

The Faculty Development Program on the topic of “EMERGING TRENDS AND ADVANCES IN PHARMACEUTICS AND QSAR STUDIES” has been organized by JKKMIHSCP, T.N. Palayam to all the faculty members from 05.12.2022 to 09.12.2022.

The program began with welcome address followed by introduction of the speakers involved in the program.

The current Faculty Development Program was designed to developing the quality of the participants. Also, to understand the nature of problem to be studied and identifying the related area of knowledge.

The FDP was attended by faculties of JKKMIHSCP, T.N. Palayam.

The Guest Speakers gave suggestions about Drug-Device Combination Products, 3D printing in Pharmaceutical Manufacturing and also Drug Delivery Innovations. They also provide information about the applications of Pharmaceutical Nanotechnology and their future perspectives. They also gave knowledge about the methods and analysis of QSAR studies, Statistical methods of QSAR Modelling and Interpretation of QSAR models.

OUTCOMES:

“EMERGING TRENDS & ADVANCES IN PHARMACEUTICS AND QSAR STUDIES” were the most prominent computational method applied for decades in the discovery and development of new drugs. The primary outcome of these techniques was to develop mathematical models for the estimation of relevant properties and activities of chemicals of biological interest. The speakers also explained about the general steps involved in these studies like, generation and selection of molecular structure descriptors, construction of models and their validation. At finally, those topics were providing an information about different QSAR approaches with their merits, demerits and brief summary on recent trends in pharmaceuticals and QSAR studies.

Thus, the session was ended with queries and we got the clarification about the topics. We felt very happy and grasped some knowledge.
