## 1. BRIEF REPORT ON RESTRICTED ENTRY OF AUTOMOBILES

Vehicles are not allowed in the restricted area. Sign Boards are placed at the restricted areas. For two wheelers or four wheelers, security measures are mandatory. The institute encourages the staff and students to use the college transport instead of their own vehicles for safety, security, fuel conservation and to reduce environmental pollution.

## 2. BRIEF REPORT ON USES OF BICYCLE/BATTERY POWERED VEHICLES

Our college students are coming to college by bicycle. Students these days prefer environment-friendly modes of transportation and cycling fits perfectly in this category. Cycling has a lot of advantages, and one of them is you automatically become more environment friendly. In addition to saving money, opting for bicycles instead of cars and motorcycles helps in reducing harmful emissions, thus, you're doing your bit for the environment.

Battery powered vehicle is operated in this college campus from main building to Entrance. Staff members and students are using this vehicle. This vehicle is emission free vehicle.

## 3. BRIEF REPORT ON PEDESTRIAN FRIENDLY PATHS

Pedestrians can walk safely through the campus through walk friendly pathways. The goal of these Pedestrian friendly roads is encourage walking as an attractive means of transportation as well as for leisure, recreation and health. Vehicles are not allowed in the Pedestrian friendly paths.

## 4. BAN ON USE OF PLASTICS

Use of Plastics is banned inside the college campus. Plastic free college is a program of the institution which aims to measurably reduce plastic pollution in college campus with a special focus on the reduction and the elimination of plastic bottles, plastic straws and poly bags. The college organizes awareness programs avoid use of plastic in the campus. Plastic Free Campus wants to encourage college communities to transition to more sustainable consumption.

### Four Easy ways to reduce your waste:

1. Avoid Plastic Bags
2. Bring your own Cup
3. Use reusable Produce Bags
4. No Plastic Straws

## 5. BRIEF REPORT ON LANDSCAPING WITH TREES AND PLANTS

Various plants and beautiful garden are maintained. Slush green and clean campus is established. Conduction of awareness programmes on green practice by NSS. Green landscaping also known as sustainable or eco-landscaping—is a method to design, create, and maintain your landscape to save time, money, and energy. Green landscapes nurture wildlife; reduce air, soil, and water pollution; and make healthy recreation spaces. Carbon dioxide neutrality is maintained on the campus by planting different varieties of trees and plants.
